To

The Chief Engineer/ARR & TR,
Punjab State Power Corp. Ltd.,
F-4, Shakti Vihar,
Patiala.

Fax: 0175-2302416

URGENT

No. PSERC/ *TARIFF/2782-2783*
Dated: *01.02.2019*

Subject: Validation of revenue assessment for FY 2017-18.

- 1) During the perusal of LS bills of Ajnala A-10 and West Commercial, Amritsar Divisions A-30 of PSPCL (Non-SAP), the following observations have been made:
 - In all the bills of 12th cycle of 2017, the days of January 2018, have been charged with Single Part Tariff applicable for December 2017 in place of Two Part Tariff applicable w.e.f. 01.01.2018.
 - All the bills of 01st cycle of 2018 have been charged with revenue rate of Rs. 5 per kAVh in place of applicable tariff as per Tariff Order.
 - Arrear bills have not been provided. Please provide the arrear bills depicting calculation of arrears.
- 2) Other pending informations (including metered and unmetered AP consumers fed from urban feeders for FY 2017-18 and H1 of FY 2018-19 on prescribed proforma), pointed out by the Commission are awaited.
- 3) In the data attached with letter no. 134/ARR/Dy. CAO/254 /Vol. II dated 30.01.2019 addressed to Director/M&F, there is no indication of the assessed amount regarding agriculture consumption. Given that this is subsidized by the Government and the heading of the proforma is annual revenue requirement, this amount also needs to be indicated. And in case Government subsidy due on this account has not been indicated (obviously so) then please confirm whether subsidy due for other consumers has also not been included.

The Commission has desired that the above information be expedited. The Commission shall discuss the same on 06.02.2019 afternoon 2.30 PM with Chief Engineer/Commercial alongwith officers dealing with billing in SAP software and representative of outside agency NIELIT for Non Sap billing.

Director/Tariff
