The Petition has been placed before the Commission for admission.. The Punjab Development Commission, PEDDA and PSPCL proposed a pilot project to solarize grid-connected agriculture pumps in Punjab. However, many tubewell connections have a higher connected load than the sanctioned load and if the solar panel capacity is mismatched with the actual load, the scheme may fail to save energy and defeat the intended purpose. PSPCL has filed the present petition for Voluntary Disclosure Scheme (VDS) for Agriculture Tubewell (AP) Consumers of exclusively connected to the 11 KV Kurali feeder under Sub-Division Banur, the 11 KV Peerkot feeder under Sub-Division Sub Maur, and the 11 KV Sadhowal feeder. After considering the submissions made by PSPCL in petition, petition is admitted.

The Petition involves public interest and as required under Regulation 67 of the PSERC (Conduct of Business) Regulations, 2005, a public notice inviting the objections/suggestions/comments from the public shall be got published by PSPCL without any delay.

The Petition shall be taken up for hearing as well as public hearing on 14.05.2025 at 11.30 AM.
