

PUNJAB STATE ELECTRICITY REGULATORY COMMISSION  
SCO 220-221, SECTOR 34-A, CHANDIGARH

CORRIGENDUM

A Public Notice regarding public hearings in connection with the Annual Revenue Requirement (ARR) and Determination of Tariff Petitions filled by Punjab State Power Corporation Limited (PSPCL) and Punjab State Transmission Corporation Limited (PSTCL), at various places in the State of Punjab, was published in various newspapers on 12/13.02.2016.

A tripartite Memorandum of Understanding (MoU) has been entered between State Government, PSPCL and Government of India regarding Ujwal Discom Assurance Yojana (UDAY) Scheme, for achieving operational and financial milestones, as described in the Scheme. The MoU may have impact on the various elements of the ARR petitions filed by PSPCL and PSTCL for FY 2016-17, and the ARR petitions may be needed to be revised by PSPCL and PSTCL, accordingly. The Commission has taken up the matter with PSPCL and PSTCL and has asked PSPCL and PSTCL to submit the revised ARR for FY 2016-17, after incorporating the impact of UDAY Scheme.

In view of above, the date of hearing the comments of PSPCL and PSTCL to the objections raised by the Public, besides Corporations' own point of view regarding the ARR petitions, fixed for March 18, 2016, has been cancelled. Fresh date for the purpose will be notified separately.
